Podium - for iPad 1 & 2

The Podium is a remarkably functional and highly protective solution for the iPad®. The Podium secures your iPad in a silicone sleeve and surrounds it in memory foam protection. The clever design of the Velcro® adjustable tilt mechanism provides variable screen angles, good for both typing and viewing. Fold the case behind, and your iPad becomes a secure hand held device through use of the integrated elastic straps. The Podium is the ideal iPad folio solution for those seeking more than your average level of protection.

Features

- sized specifically for iPads (check version on front)
- perfect fit, silicone iPad sleeve integrated into the case
